STIRLING-RAWDON PUBLIC LIBRARY'S MONTHLY NEWSLETTER

Library Update

Spring has sprung!

With the arrival of spring and the most recent provincial amendments to public health and workplace safety measures we are excited to see an increase in activity here at the library!

As of March 21, 2022 mask requirements have been lifted and are no longer required within the library although your choice to continue to wear one will always be respected. While 'social distancing' is also no longer a requirement, we do encourage everyone to be conscious of the personal space of others. Staff will continue to wash their hands frequently and/or use hand sanitizer on a regular basis and both staff and patrons are encouraged to self-monitor for symptoms and stay at home if feeling unwell. Most of the Children's Department toys and activities are available for use within the area once again and additional seating has been returned in the Adult Department of the Library.

The elevator upgrades are finally complete and the elevator is in operation once again. Thank you for your patience during the renovations.
