Library Update

Stirling-Rawdon Public Library is very happy to announce that we've added a new digital resource to our website! Developed especially for public libraries, CBC Corner is a digital portal that brings CBC's audio, video and news content together in one place for a more streamlined experience.

Have a few minutes? Not sure what you are looking for or just want to browse around? With trusted news, local stories and radio shows, entertaining TV shows, documentaries, movies, award-winning podcasts, latest sports news and special reports, and much more, CBC Corner has something for everyone and every taste!

Do you have children? CBC Corner has tons of safe, educational and entertaining content for children and youth of all ages including tv shows, free online games, fun quizzes and activities as well as news articles made by kids for kids. As a parent, you will also find cool and simple crafts ideas, healthy recipes, and easy ways to learn through play!

Interested in other languages? CBC Corner offers, through the daily multilingual service RCI, news in five of the most commonly spoken foreign languages in Canada (Mandarin, Punjabi, Tagalog, Arabic, Spanish). CBC Corner is also a very valuable resource for those looking to learn or refine their French, or even their English skills, through our free Canadian language learning app, Mauril! And if you're looking for French content, CBC Corner also allows you to explore all of this en français with audio, video and news from Radio-Canada!

These are just a few examples of all the great content you can find! Don't wait any longer... check it out on the 'Useful Links' page under the 'About' tab on our website at www.stirlinglibrary.com

IN THE ART GALLERY JUNE 3RD TO JULY 28TH

Bob McIntosh

Bob's art will be up in the art gallery until the end of July so pop in and check it out the next time you visit the library! Here's what Bob has to say about his artwork:

"Painting is a hobby and has been for a few years. Photography was my hobby and my profession before retirement. With no formal training in painting, everything I do is an experiment. One of my favourite styles to paint is abstract. I find it very difficult to do as there is no object to compare to. The idea you have in your mind somehow has to be transferred to a canvas. Difficult to say the least and not always successful. It's a feeling that one hopes will invoke a similar feeling to the viewer. Impressionistic landscapes is the other style that I like to paint. Love most of the group of seven style. Truly Canadian. To hear your thoughts on this show would be much appreciated. Thank you for taking the time to both view my paintings and your opinions"
