Library Update

October is Canadian Library Month! During the month, libraries and library partners across Canada raise awareness of libraries' valuable role in the lives of people in Canada. More than just a place to find books, libraries promote cultural awareness, engage in the community, provide educational programs, support freedom of expression and so much more.

We strive to provide exceptional programming, events, resources, services and facilities and take great pride in all that our small library has to offer. As part of our annual fundraising efforts to supplement our regular operating budget, Nancy Snowdon's beautiful glass ornaments will be for sale once again (new designs and old favourites!) and financial donations are always gratefully accepted.
