Library Update

UPGRADED INTERNET COMING!

In 2021, the Ontario government announced a \$4.85 million investment to enhance high-speed internet service at public libraries in unserved and underserved communities across the province. Through the Connecting Public Libraries Initiative, more than 100 libraries, including the Stirling-Rawdon Public Library, were given the opportunity to upgrade their high-speed internet connectivity.

After a long wait and some challenges along the way, we are excited to announce that we are getting closer to offering fiber-optic internet at our library. This upgrade is expected to improve both the speed and reliability of the internet, making it easier for our patrons to access the critical services they need as well as fewer interruptions to the library circulation system at the front desk.

We expect to have these upgrades completed by the end of June!

On Display: Tiny Art Show

ALL SUMMER

Step into a world of wonder and creativity at the Tiny Art Show, where young artists share their big ideas on a small canvas. Featuring miniature paintings by children, this exhibit highlights the joy, imagination, and unique perspectives that only kids can bring to life. Each tiny masterpiece is a window into the colourful minds of our youngest creators!

These mini masterpieces will be on display in the library lobby all summer long.

In the Gallery:

Michelle Champagne
